

MAGICAL GLITTER UNICORN SLIME

We all know that Unicorns spread rainbows and sunbeams everywhere they go...but did you know they also spread magical glitter slime too?

If you haven't encountered any unicorns lately, don't worry, you can create your own magical glittery unicorn slime with only a few things from around the house and maybe the craft store! #unicorns

WHAT YOU NEED

- Contact Lens Solution
- Baking Soda
- Elmers Glitter Glue or Clear Glue (1 cup)
- Fine Glitter
- Mixing Bowls (3)
- Mixing Spoons (3)
- Tbsp Measure
- Tsp Measure
- Warm Water

INSTRUCTIONS

Step 1

Pour your glitter glue into your mixing bowl and add 1/2 tsp baking soda, 3 tbsp warm water and some extra glitter to make it super glittery! Mix well and then add in 1 and 1/2 tbsp contact lens solution and watch the slime come together!

Step 2

Take your slime out of the bowl and knead it in your hands until it's the right slimy consistency.

Step 3

Repeat steps 1 and 2 with the two other glitter colours in separate bowls.

Step 4

Roll out your three colours into 3 sausage shapes. Pick all three up together and twist them together. Just like magic you've got your very own Glitter Unicorn Slime!
